I'm not sure. I know that several were going to start setting them up yesterday, but not sure if they actually did.

This is the first I have heard of this issue, so I'm going to send it over to ITSD for them to take a look. It will probably be helpful for them to know if any of your other subs have been able to set up new users. Are you aware of any?

Emily,

I'm not sure what to tell her. Do you have any words of wisdom?

Thanks!
Carrie

Subject: Creating a New User

Hi Carrie,

I am trying to set up the new users and every time I login then click on the "new user" it will not allow me access. Instead this pops up, "Your 30 minute session has timed out. You may log in again by going here."

I then logout and try to sign back by clicking that link and it just repeats the process again. Please let me know what I need to do. Thanks for your help! :)
